## Front Load Console

Standard's Modular Series were designed for "simple function" coin dispensing. But don't let that term fool you. These changers are excellent coin & tokens changers, and offer a variety of "plug & play" options to help you customize the machine to your specific business needs. For example, all Modular series machines have our Fast Vend Shut-Off/Auto Reset feature - a software solution to help minimize loss due to stringing. Likewise, Modular Series changers use MDB communication, and have the Dual Redundancy Feature that allows true built-in back-up. Standard's MC Series changers provide the ultimate in Flexibility & Reliability in a low-cost solution.
